Float Ass'n Needs Help And Now

Sierra Madre Rose Float Association flower buyers have announced a great need for pampas grass and bamboo to decorate this year's float, Kon Tiki. The pampas grass will be used as the hair of the figure of the wind at the rear of the float and the bamboo will be used on the hut which was on the raft as it sailed from Peru to the Polynesian Islands.

The Sierra Madre float is entirely financed by voluntary contributions and the flowers are one of the major costs. If you have one of these two items to donate, please call Bryce or Anne Tyler at 355-0167 or Marian Adkins at 355-9856.

Who Called the Election 'Rigged'?

Marcus Woodward Right, Is the City Clerk Right?

by THE BARON

In Marcus Woodward's article which ran in the November 2 1967 issue of the Sierra Madre News, an article which was an answer to my previous statement that there were irregular procedures in the appointment of precinct workers, there are the following statements:

1. City Clerks do not appoint precinct board workers.

2. Elections Code provides that the governing body appoints precinct board members.

3. In cities such as Sierra Madre the City Clerk recruits precinct board members and secures polling places BUT nothing is official until approved by the City Council.

Up to this point, the article is correct, right out of the Code Book and this procedure is probably followed by all but one of the cities under the Los Angeles County jurisdiction.

Toward the end of the Council meeting, Councilwoman Maddox called upon City Attorney Martin to give clarification of various requests concerning the Brown Act.

City Attorney Martin explained the Brown Act, in part, that any time a Committee or Commission is selected by the Council, has a member of the Council as a Liaison officer, and City expends funds, then that group comes under the Brown Act. Further should any three members of the Council, by chance or purpose, meet in one place, they are trespassing upon this law in relation to the Brown Act.

Councilwoman Maddox then declared that she had been charged with violation of the Brown Act in 1964 while serving as Chairman of an Ad Hoc Committee for the formulation of a Hillside Ordinance, but had been given clearance by the District Attorneys office that they saw no violation.

Developer Mel Bowman, presented himself at the rostrum, declaring that Councilwoman Maddox's explanation of the advice from the District Attorneys office was just the opinion of one attorney and based upon a court decision of 1959, but further enactment of the State Legislature, did in 1964 place her and her committee, with Councilman Parks as liaison officer, in violation of the Brown Act. He further claimed that the door had been slammed shut in the face of General Contractor Henry McNulty and himself during these sessions, and that at the end of the session the committee presented 23 points and Councilman Sorensen, then mayor, gave Mr. McNulty about 5 minutes to accept the proposal.

Bowman further remarked "any deviation of good government will be challenged by me," whereupon Councilwoman Maddox expressed her agreement with this remark.

Bowman, maintaining that the District Attorney's office based their opinion on a case of record during the year 1959, and that he intends to pursue violation in 1964 based upon legislation enacted after that date.

Sewer Districts
With no objections, Sewer District 91 was formed and the Engineer of work instructed to call for bids, with the estimated cost to be \$9 per front foot and a charge of \$200 per lateral.

Trouble was noted to exist in the completion of Sewer District 87 - 89 - 90, due to the contractor failing to complete compaction to 90 per cent. Heated arguments were exchanged with the

Engineer of Work, Ken Mullen, City Engineer Milton Emerson, the attorneys of Papac Construction Company and the Attorney representing the City on the project.

The contractor was ordered to compact to specification and "get out of the city as soon as possible." City Attorney Martin instructed the Council that they were aimed directly at another law suit, and was hereby notifying them of the conditions existing. The law suit will probably be heard in court over the "extra charge" that will be coming from Papac Construction, for doing work that they claim is beyond the call of the specifications and contract. "Do the work and we will fight it out later was the final word."

Konkler Project

December 20 is the date for the abatement of the Konkler Swimming Pool, but before the City Attorney is given the decision of abatement, two problems must be resolved on complaint of Miss Bradley: 1. trespass of a wall built on what she firmly believes, by survey, to be on her property, and 2. drainage coming from the Konkler property onto her property. The council gave City Engineer Emerson until December 12 to contact Mr. Konkler and ascertain what he intends to do about the complaints, with decision returned to the Council on that date for further action.

No Election Set

No elections were set by the Council, which will be done at the meeting of November 24 when it is learned of the progress of all recalls. Meeting adjourned at 11:55 p.m.

Senior Citizens Give Observance To Vets Day

Veterans' Day was observed by Senior Citizens in a fitting manner with flags and flowers. Mrs. Anna Ridgeway decoration chairman had placed small flags on each table and the officers' table had a very lovely large flag across the front. Mrs. Frances Gardner called the meeting to order.

The Lord's Prayer was recited, the Flag salute given and the National Anthem, The Battle Hymn of The Republic and The More We Get Together, were sung by the members with Vivian Singleton at the piano. After luncheon door prizes

Fire Call Mon. A.M.

Eleven regulars and two reserve Sierra Madre Volunteer firemen answered a fire call at 10:06 a.m. Monday to the corner of Lima and Mariposa.

Engine 424 made the run in one minute and 58 seconds after the sounding of the alarm to find a truck loaded with turkeys had had brake failure and the brake drums on the left rear were afire. The fire was extinguished immediately with the booster pump and tank. Engine 423 arrived 17 seconds later and stood by for assistance if needed.

The truck was owned by the Husa Egg Company of 110 N. 3rd Street in Upland, and was driven by Angel Thomas Raya.

This is the first fire that the department has answered in 546 hours and 57 minutes, a false alarm was answered 228 hours and 53 minutes before. These statistics show excellent work in Fire Prevention, and extreme caution is being used by all citizens of the community. Fire Chief Charles Brown, congratulates the community for their caution with fire, and asks them to be extra alert during the coming holiday season.

Book Fair At St. Rita's

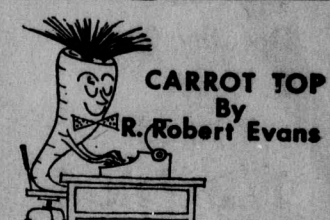

St. Rita's School will sponsor a Book Fair from Nov. 16 to 20.

Books will be on display at 322 N. Baldwin, Sierra Madre, in the parish hall, from 1 to 5 each afternoon and from 8:30 to 1:30 on Sunday.

The display will include attractive new books from many publishers in all popular price ranges. All areas of reading interest will be represented, including adventure stories, fiction, biographies, classics, mystery and science; wonderful books to read and to give as gifts.

The Book Fair committee invites students, parents and the public to come in and browse.

St. Rita's Guild also is sponsoring a book sale in the school hall on Nov. 19, beginning after the 8 o'clock Mass. All sorts of home-made goodies will be offered for sale. Walnuts and pecan for Christmas baking also will be available. Coffee and doughnuts will be served.

Goodness sakes alive, how time flies. Sure is a sign of old age creeping up on you, or you have so much to do that thoughts of the future just take a back seat. But here it is, Thanksgiving just one week away, then only 26 more shopping days until Christmas.

— CT —

Of course to make everyone happy, by now all of you have received your tax bill for the old homestead. Kinda dulls the prospects of Christmas, especially so when one is reminded that it is only 32 more working days until Income Tax paying time.

— CT —

Of course I remember quite well, a year ago, all of us doubted that we could pay the encumbrances, just didn't see how we could go on, but most of us are still here, still trying to keep up our end of the indebtedness and still wondering where it will all lead, and how soon brighter days may be seen . . . and from where I sit, it will be a long, long haul.

— CT —

Of course nobody appreciates anything for nothing, for they despise those who give them the handouts . . . whether we are dealing with individuals or nations . . . This little quotation reminds me of a story that was told to me several weeks ago . . .

— CT —

It seems that a lady with her young son drove into a service station here in town and asked that her tires be checked. Before the attendant could get started, the boy leaped out of the car saying he'd check the tires.

— CT —

"You get back in the car and let me do it," the man said, "what do you think we're paying all of these gasoline taxes for?" . . . and sometimes that is the very thinking of the people.

— CT —

For years now the child psychologists have been promulgating all sorts of nonsense about how to raise children, and all they've proved, so far as I can see, is that child psychologists don't have children of their own. If they had children, they'd see child psychology in a far different light.

— CT —

One of the most dangerous theories the psychologists have foisted on the parent-hood of America is the bald-faced lie that the most practical way to teach children to behave in public is to treat the wee ones to a restaurant meal.

— CT —

I want to say here and now that the adult human mind is not geared to handle such experiences. I figure the parents who take their children out to eat are asking for a kind of illness or pill can cure, or even arrest. Such parents are headed down the long twisted road of no return.

— CT —

The number of problems encountered during a meal out with children couldn't be solved by the United Nations if that august body sat in session around the clock from now until the Little Red Hen found somebody to help her harvest her corn (or whatever it was she harvested).

CHILDREN JUST AREN'T

Children are NOT little adults when drugs are a factor, and should be treated accordingly.

The infant is unique in his physiology and disease, and even though we have made great strides in solving the unique pharmacological requirements involved in the medical treatment of new born and infants is a distinct challenge and requires pediatricians of the highest calibre. Particularly in the infant and small child, it is quite difficult to translate the dosage of many medications from the adult dose to that which is proper and safe for the tiny child.

Adolescence is another period in which significant changes take place in the child. At this time he is rapidly changing his form and activity and responds to medication in quite a different way from an adult.

The three trimesters of pregnancy and the period of lactation in the mother are areas where careful consideration must be given to the types of medications and their dosage, for there are some medications which are definitely not good for either the mother or the unborn child.

The effective use of medications in these categories make enormous demands upon the skill, knowledge and judgment of all segment of the healing arts personnel. We at Hartmans are proud to work in this area and are happy to be able to cooperate with all the wonderful and successful physicians and nurses in ours and the surrounding communities.

The beautiful wedding of Susan Keys Crapser and Forrest Richard Besocke was solemnized at the Saint Mark's Episcopal Church in Altadena, on November 4, at the hour of 4 p.m. with over 300 friends and guests in attendance.

The pretty bride, Susan Keys Crapser, daughter of Mr. and Mrs. Charles Keys Crapser of 1389 Rudge Road, Walnut Creek was given in marriage by her father. The bridegroom was attended by his brother, Winston Besocke as best man.

The bride looked lovely in her floor-length gown, with detachable train of Dulcet Satin and French re-embroidered Alencon lace, scoop neckline empire fitted bodice with elbow length bell sleeves edged with lace. She

was enhanced with a crown of seed pearls and crystal which held a cathedral-length silk illusion veil and in her arms was a bouquet of white butterfly orchids.

The attendants' gowns were of A-line design, floor-length empire in raspberry, with scoop neckline and cap sleeves. Their headpieces were of roses and carnations. The flower girl was dressed as the bridemaids and she carried a basket of pink roses and carnations.

The decorations at the church were mixed white flowers on the altar and in the aisle with candles lining the aisle and the altar.

Reverend Robert L. Cornelison of Saint Mark's Episcopal Church and Pastor Hanson of the Lutheran Church of the Resurrection performed the double ring ceremony.

Bridesmaids in attendance were Mrs. Winston Besocke, South Pasadena, sister of the bridegroom; Mrs. Frank Winnaman, Glendale, sister of the bridegroom; Mrs. Nicholas Sarantakes, Ft. Belvoir, Va., life-long friend, and Miss Patricia Morris, of Arcadia.

The matron of honor, Mrs. Robert Cosgrove of Altadena was a life-long friend of the bride. Flower girl was Shelley Winnaman, daughter of Mr. and Mrs. Frank Winnaman of Glendale and the ringbearer Steven Winnaman, their son, performed his duties with finesse.

Ushers were Allen Coon, Pasadena; Robert Cosgrove, Altadena; Donald Schulz, of Altadena, and Frank Winnaman, brother-in-law of the bridegroom from Glendale.

The bride attended Pasadena City College and the University of California at Berkeley. The bridegroom was a graduate of the University of Southern California, a member of Sigma Phi Epsilon and member of the Pasadena Junior Chamber of Commerce.

Out of town guests included Mr. and Mrs. Clifford Heath, McMurray, Penna.; Mr. and Mrs. Howard B. Wood, Sr., Flint, Mich., both couples are the aunt and uncle of the bride; Mr. and Mrs. Johnnie Beer of Walnut Creek, Mr. and Mrs. William Brumfield, Walnut Creek; Mrs. Timothy Herron of San Francisco, and Mr. and Mrs. Willard Johnson of Walnut Creek.

Still following Sherrie they managed to join her at the home of Mr. and Mrs. Carl Wolff, 340 Arbolada Dr. There their hostess served them the entree, delicious chicken ala king on hot rice and cold punch to quench their thirst. Dessert of cake, cookies, ice cream and fudge were served at the home of Mr. and Mrs. Angelo Cubba, parents of Worthy Advisor, Sherrie Cubba. Cub Pack 390 First Meeting Big Success

Cub Scout Pack 390 held its first Pack meeting October 26. The meeting was conducted by Jack Kessock, Cub master, who gave a talk on "The Purpose of Scouting." A film on Scouting was shown by Dr. William Jacobsen, area representative at Scout headquarters.

The Pack is fortunate in having Mr. Malcolm Douglass fill the position of committee chairman. This vacancy was left by Mr. Stanley Ehlers who has moved from the district. Mr. Ehlers plans to continue his service to the Scouts with Pack 381. The local pack's loss was their gain and all wish him well. The pack also said it was grateful to Mr. Denslow Thatcher who assumed the position of advancement chairman.

Four boys in the Webelos Den will be eligible to become Scouts this year and were presented with Scout books. These boys are Bill Annas, Harold Conway, David Huskell and Andrew Krol. They will be assisted in selecting a troop of their choice by Mr. Ron Smith, Webelos leader.

The November Pack meeting will be held at 7 p.m. Nov. 17, at the Sierra Mesa Cafeteria. All Cubs and their parents are urged to attend.

Appeal Made For Den Mothers

Cub Scout Pack 390 has begun the Scout year with 19 enthusiastic prospective Cub Scouts who will be unable to participate in the Cub Scout program because of the lack of Den Mothers. This situation was made obvious at the first pack meeting held October 26.

Pack 390 has three established dens and a Webelos Den. These dens are very fortunate to be staffed by Jane Annas, Irene Krol, Joyce McCauley and Ronald Smith. These Dens are completely filled. Other mothers are acting as assistant Den mothers and the pack committee is also completely staffed by dedicated workers. It will be with deep regret that membership must be denied these boys because of lack of den mothers.

It is not necessary for an adult to have a boy of Cub age to be a Den leader. Therefore Pack 390 is making an appeal to any adult, who lives East of Baldwin and is interested in working with young boys to investigate the possibility of leading a den. Please call Jo Kessock 355-8721.

Holiday Fete Planned By Local Bankers

With much to think about and many plans to make for the holidays the Women's Committee, Pasadena Chapter American Institute of Banking is having for their November meeting Mr. John Lancaster of a San Marino floral shop as their guest speaker.

Mr. Lancaster will present floral arranging and holiday decorating as his program.

Harlowe Dumont, vice chairman of the committee, is hoping that many women from the local banks and their guests will attend this interesting dinner meeting to be held at a San Gabriel restaurant at 6:30 p.m.

Assisting in the program will be Dorothy Price, Bank of America, Sierra Madre; Mary Peterson, Bank of America, Foothill Rosemead Branch, and Norma Fend, a resident of Sierra Madre and representing Bank of America Lake Green Branch in Pasadena.

Bargain Hunters Attention

Bargain hunters, your day is at hand! Sierra Madre Hospital Auxiliary's answer to rising prices and high cost of living, their annual rummage sale, will be held tomorrow, Friday, November 17.

"Come Rummage With Us," as the sale is known will be held at 33 E. Sierra Madre Blvd., and will be open from 9 a.m. to 9 p.m. This is a main fund raising event for the Community Hospital Auxiliary. Proceeds will go for their current project — the Intensive Care Improvement Fund, for the hospital.

Mrs. Russell Delahooke is ways and means chairman. Her rummage sale chairman is Mrs. Chester Schuepbach assisted by Mrs. Warren Brown. For the past year their committee has been working on the well planned event. Rummage has been collected, sorted and priced.

There is a variety of very saleable, clean, some new items, of clothing for all members of the family, furniture, miscellaneous household, many toys, books and much of the unusual. And all at piggy bank prices.

Homemade goodies will also be for sale. This bake sale is run by the Candy-strippers — the junior auxiliary, under their adult sponsors with Mrs. Michael Soho, chairman.

Everyone is invited to come and browse, have coffee and doughnuts and find your bargains. Mrs. Jack Tilley is auxiliary president.

Christmas Time, 1967

To the Wife who loves her husband:

The man in your life expects something. You know how husbands are on Christmas. So give him with all your LOVE . . .

A beautiful Custom Tailored Suit from "Don Jackson's." We have on hand over 800 cuts of the finest new fall fabrics from England and Italy.

His size? No problem. We have your husband's pattern in our file and if we put the cloth of your choice in work by December 1st, it will be hand cut and tailored in our own shop to your husband's measurements and guaranteed for Christmas delivery. Scared? (because we don't have your husband's measurements.) We will beautifully Christmas wrap your cloth for measurements and tailoring after the Holidays.

How much does it cost? You'll be pleased to hear it . . . only \$156.00 and you have the very finest of imported mohairs, superfine worsteds, duponi silks, two-ply sharkskins, and hand loomed tweeds to select from . . .

Obey that good impulse. Come in and select a cloth today.

It's the loving thing to do.

Yours — for a real Christmas for him,

DON JACKSON

Attend Tri-Annual Conference

Thirty-two adult members of the Pasadena Area Girl Scout Council attended the tri-annual Conference of Region XII, Girl Scouts of the USA, November 8 to 10, in San Diego.

Nearly two thousand women from Arizona, California, Nevada, Utah, Hawaii, and Guam, which comprise Girl Scout Region XII, were at the conference, whose theme will be "Values to Hold, Worlds to Explore." Special focus will be on "The Challenge of Leadership."

Attending the conference from Sierra Madre were Mrs. W. E. Anderson, Mrs. Bruce Peppin, Mrs. Robert Michael and Mrs. Milton Valois.

"I feel sure that those who attend Region XII Conference will bring back ideas that will be an inspiration to all members of the Pasadena Council," said Mrs. Kurt Schiller, Council president. "These ideas will assist us in doing an even

better job of helping girls in our area to live up to the high principles of Girl Scouting. The theme, 'Values to Hold — Worlds to Explore,' is particularly fitting in our complex, fast-moving society," she concluded.

Surprise Dinner For Mother Who Is 90

On November 4, Mrs. R. G. "Chic" Sale of Sierra Madre, entertained at a surprise dinner party in the Crystal Terrace Room of the Huntington Sheraton Hotel, San Marino, in honor of her mother, Mrs. Mate O. Bodell, formerly of Lancaster, who was celebrating her 90th birthday.

The table was in a U shape with a beautiful floral centerpiece gracing the head table. In attendance was Mrs. Bodell's three daughters, Mrs. Sale, Mrs. Walter Kimbrough and Mrs. Bill Gilliam, together with their husbands. Also attending was her granddaughter, Mrs. Robert Feiring.

Others were her great granddaughter, Mrs. Jack Case and her husband from San Jose; her great grandson Robert Fiering Jr. and his wife Janet, together with Mrs. Bodell's great great grandson, Robert Feiring III, making five generations.

Friends were Mr. and Mrs. Ken Taylor, Mr. and Mrs. Don Brickley, formerly from Youngstown, Ohio, Mrs. Ruth Prigmore and Mr. M. Penn Phillips, Mr. and Mrs. Ed Dorsell and Mr. and Mrs. Al Baggott. As the birthday cake was presented every one sang "Happy Birthday."

After the dinner the party returned to Mrs. Sale's home for the celebration. The Unit will not hold a social meeting in November due to the Thanksgiving holiday.

Amy Beisel Host To Legion Auxiliary

Mrs. Amy Beisel, 54 S. Lima, was hostess to the Sierra Madre American Legion Auxiliary at their regular business meeting on November 9.

Mrs. Ruth Blakeman, a Gold Star member, who now lives in Alamogordo, New Mexico, was a surprise addition to the group. Sierra Madresans will remember Mrs. Blakeman as proprietor of the Wistaria Flower Shop when it was located on North Baldwin Ave.

A flag was donated to Girl Scout Troop No. 507, and a donation was made to CARE for the Foreign Relations program project in Malaysia. Contributions were also made to local Child Welfare and a box of "Goodies" were sent to a local boy who is in foreign service in the armed forces.

The American Legion Auxiliary would like to see more flags displayed at private residences on patriotic holidays. It is wonderful that we have such a fine display on "Main Street" but more flags should be displayed in our residential areas.

Let's all try to remember to get those flags out for the next holiday which is Thanksgiving. Don't worry about the number of stars on your flag. As long as the flag is in good condition, it is permissible to fly it even though you still have only 48 stars.

The Unit will not hold a social meeting in November due to the Thanksgiving holiday.

Personals are \$1.25 and can be placed in an envelope and placed under the door with no name needed. No charges accepted.

Children's Hour

"Doughnuts," a 26-minute film in color will be presented by the Friends of the Sierra Madre Library, Saturday, November 18, at 10 a.m. in the children's room of our local library. This is a humorous story about the adventures of a doughnut machine. Another short film that will be of interest and enjoyment for the young folks is trying to be arranged by the chairman Mrs. Leah Hatfield.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK— millions leave them there!

—And where we'll stop, who can know?

We do have the best educational system in the world. But what will your child think and want and demand once we've educated him?

For in our system—unlike the Russian—we impart truth rather than ideas. We give our children the tools of thought, not the party line.

Does your child know that the center of all truth is God? Does he measure his aims by Christian standards of faith and morality? Has he learned where unbridled human passions of greed and power and selfishness can lead? Does he respect the religious faith and spiritual opportunities which motivated American Liberty?

Nobody can brainwash an American family. But it's up to each American family to choose every Sunday between the "around and around," and the center of truth—GOD.

THE CHURCH FOR ALL . . .

. . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SPORTS

AS
Hank Ives
SEES IT

PEERLESS PIGSKIN

PROGNOSTICATIONS
CAN YOU IMAGINE pick-
ing football games for a
living? Some people may
have to do it but not Old
Hankus. No sir, he just does
it for laughs. A lot of
laughs. In fact some people
even laugh at his not-so-
peerless picks.

LET'S FACE IT, the an-
cient one has been floundering
about this year. At least
a 121-55-4 won-loss log at 69
per cent is nothing to brag
about. Of course, he will de-
fend himself by saying that
all 20 of the games he puts
on the weekly chart are flip-
em type contests or darned
close to it.

NOW FOR THE BIG ONE
... Old Hankus flips the
coin into the air and it
comes up USC 17, UCLA 14.
How about those tomatoes?
The Trojans will be all
hopped up after their 3-0
loss to Oregon State. At
least it sounds like a good
theory. Look what the
Bruins did to Washington
after they were tied by the
same Beaver clan.

The game came out a bit
tarnished — what with per-
fect records going down the
drain but a Rose Bowl bid
is at stake and neither of
the cross-town rivals need
much encouragement to get
up for this one. O. J. versus
Gary Beban with the Heis-
man Trophy resting on the
outcome. Brother Bruin has
had the hex on the men of
Troy the past couple of
years but Hankus looks for
the table to turn in this
one.

MUIR to slip a mickey to
Pasadena's hopes of gaining
an extra berth in the CIF
playoffs. Rumor has it the
Bulldogs are hurting physi-
cally and that can be vital
in this rivalry. Muir has
been overlooked as a power
but the Mustangs have
quietly disposed of five op-
ponents plus a tie with
losses only to Burroughs
and Blair. It would be wild
and woolly, something like
28-27.

PASADENA'S LANCERS,
given a new lease on life
when Harbor had to forfeit
two games, should get their
foot in the playoff door by
beating a slowly disinte-
grating Compton eleven.
BLAIR to bounce Crescenta
Valley.

TAB THE RAMS over At-
lanta and KANSAS CITY to
out muscle the Chargers ...
STANFORD to edge Califor-
nia by a field goal ...
OREGON STATE by two
touchdowns over Oregon ...
SAN DIEGO STATE, headed
for someone's Bowl game, to
nudge a tough Montana
State 11. Winner of this one
may get a bid to play San
Francisco State in the Cam-
ellia Bowl.

VALLEY STATE behind
the aerial wizardry of Bruce
Lemmerman should be able
to whip a Cal State L.A.
team that has scored just 38
points all season ...

GEORGIA, losers of their
last two games by a total of
two points, to knock off
Auburn ... NORTHWEST-
ERN over Illinois in a battle
of the Big-10 go-nowheres ...

PURDUE to sink Michi-
gan State but in this crazy
season, this is probably the
one that will be the upset
of the week.

TENNESSEE to clinch
bowl bid by nipping Missis-
sippi ... MISSOURI to slip
past Nebraska ... YALE
over Princeton for the Ivy
title ... UTAH STATE over
Utah in a traditional
toughie ... TEXAS A & M
over Rice but not by much.
LIMBCRAWLERS ...

Hank is just two for eight
in this dept. but would you
believe he missed two point-
sets last week by one point
each and tabbed Penn State
over North Carolina State?
This week he likes CLEM-
SON to edge N. Carolina St.
and MINNESOTA to grab
the Rose Bowl bid by dump-
ing Indiana.

TYPICAL CONVERSATION
from 16-year old daughter
who is just learning a little
about football. (Just re-
turned from the Bulldogs
21-12 loss to Burroughs) ...
"Guy Dad those Bur-
roughs guys were huge. It
took four of our players to
bring down one of their
guys. I think the smallest
man was 7 feet and weighed
at least 250 pounds. Our
guys couldn't seem to catch
the football. Boy there were
some cute fellows sitting
near us. Burroughs seemed
to have the ball all the time.
Mr. Hamilton sure got mad
there for awhile. We were
a lot better in the second
whatyoucallit. One of our
guys got hurt bad. Oh well,
we'll beat Muir next week."

THE EASTERN OPPON-
ENT for the 22nd annual
JRB game seems to have
narrowed down to a field
that includes Toledo,
champs of the Mid-Ameri-
can conference, North Texas
State, Arizona State and
Virginia Tech. Don't ask
who will be playing from
the CCAA. Looks like the
JRB standing committee will
have to pick the team from
a three-way tie between
Valley State, Cal State Long
Beach and Fresno State. One
thing they all have in com-
mon is a powerful passing
attack.

During the first year of
their eligibility under the
1966 G.I. Bill, 22,000 service-
men on active duty received
educational training. More
than half were enrolled in
courses below the college
level, according to the Vet-
erans Administration.

More than 1.5 million
widows and children of one
million deceased veterans
are receiving pension pay-
ments from the Veterans
Administration.

Property Taxes Are Now Due

You may be one of the
25,000 taxpayers who has
not received your tax bill
either because there was no
mailing address in the files
of the Tax Collector, or be-
cause the bill was returned
undelivered by the Post
Office.

On November 1, 1967,
Harold J. Ostly, Tax Collec-
tor, mailed 1,820,000 tax
bills to Los Angeles County
property owners. If you did
not receive your tax bill,
notify the Tax Collector im-
mediately so as to provide
yourself sufficient time to
avoid a late payment and
penalty. Late requests may
not be filled in time to pre-
vent the addition of a pen-
alty.

To obtain a tax bill, you
will need your legal or deed
description. You may call
Madison 6-6311, or write to
Harold J. Ostly, Tax Collec-
tor, 225 N. Hill St., Los An-
geles, 90012, or go to Room
130, Hall of Administration,
225 N. Hill St. in Los An-
geles.

If your taxes are paid by
a loan company or bank, it
is not necessary for you to
request a bill from the Tax
Collector.

Failure to receive or re-
quest a tax bill does not ex-
cuse the property owner of
payment of penalty if the
taxes become delinquent.

The Tax Collector's Office
has already had many peo-
ple paying their taxes in
person. To avoid waiting in
line to pay your taxes and
to save yourself transporta-
tion expense, mail your pay-
ment to the Tax Collector.

Asks State Action On Tax Help

Immediate action by the Governor and the legislature on property tax relief was asked today by the Board of Supervisors on motion of Warren Dorn.

Dorn said "now is the time for elected state officials, whose platforms promised property tax relief, to follow through on their pledges during this special session."

He said that Senate Bill 556, the omnibus tax increase adopted at the previous session, provides that after July 1, one-fourteenth of the bank and corporation tax revenue shall be transferred to the Property Tax Relief Fund, created to be used when appropriated by the legislature to replace revenues to local government and to replace revenues lost by repeal or reduction of tax on business inventories, household furnishings and personal effects.

The revenue referred to, said Dorn, is estimated at about \$35,000,000 a year.

"This is an obviously inadequate amount for the purpose when considering the fact that the exemption of inventories will result in a loss of \$150,000,000 annually to all units of local government in Los Angeles County alone."

"The exemption of household goods from the property tax will result in an annual loss of revenue to local government in the county of \$10,500,000."

The new veterans assistance act, Public Law 90-77, designates the beginning of the Vietnam era as August 5, 1964. Veterans who served after that date are eligible for all the benefits previously limited to veterans of wartime service.

Our American Heritage Day To Be Nov. 21

Annah Lauri House, for many years an educator in the Art of Learning in the Southwestern United States, Hawaii and Europe, will speak on "Our Heritage" after the noon luncheon, Tuesday, November 21. Mrs. Jackson Holmes, public affairs chairman, will introduce the speaker.

Dances, colorful fiesta scenes and romantic songs will feature well known Southern California singers and dancers, headed by Irma Vega di Diaz, Andrea Ford, Michael Hudson and Charles Andrese. Mrs. Roy J. Buchanan is chairman of this special event.

Following the afternoon program there will be a social hour in Stratford House. Mrs. Miriam Kirk, chairman, will be assisted by the American Heritage committee: Mrs. Frank Westlake, Mrs. Rollin K. Anderson, Mrs. Claude Braden, Mrs. Charles J. Coleman, Mrs. William F. Hibbard, Mrs. Frederick Kreft, Mrs. Kenneth H. La Mond, Mrs. Francis N. Merriam, Mrs. Marvin E. Nesbit, and Mrs. Clifford D. Ward.

Educational benefits for veterans who served after January 31, 1955, were substantially increased by Public Law 90-77. Veterans already enrolled under the new GI Bill will receive increased allowances effective October 1, in their November, 1967 checks.

The Veterans Administration is paying death indemnity compensation to more than 463,000 dependents of 363,000 veterans who died from service-connected causes.

are simple compared, for instance, to the problem of finding a table in a restaurant that is situated so all the chairs around it are next to the window.

— CT —
And if that problem is solved, which isn't possible, there is a riddle of organizing a seating arrangement whereby two or more children can sit next to both Mommy and Daddy without, at the same time, having to sit within a country mile of a sibling. Usually, such an arrangement cannot be achieved to the satisfaction of all until long after the restaurant has closed and all the help has gone home and retired for the night.

— CT —
The most challenging problem parents face when dining out with children comes after everyone is seated, more or less permanently, and you have questioned all as to whether they have bathroom problems and receive an affirmative answer, is the problem concerning the decision of what each member of the younger set will eat.

— CT —
The wider the choice of edibles offered by the restaurant, the longer the decisions are in coming.

— CT —
Of course the real fun comes after the food has been prepared and has been placed on the table by the waitress. This is when the youngest of the group decide that they must go to the bathroom and will not go without Mommy. This of course starts a whole chain of reactions, and Daddy just sits there staring out of the window, with all new patrons entering the restaurant looking at him and wondering what is the matter with the food, and ever remarking as to whether they should take a chance, as here is a man who is not touching his food.

— CT —
Upon return of the tribe, the bartering starts, "I want this kind," "I don't like it made this way." This sort of wheels the appetite for a cold dinner that may have tasted a little better had you had the opportunity to partake of it when served.

— CT —
Nevertheless, if I were the judge, I'd give all children to someone who deserves them like, maybe, a child psychologist.

— CT —
We will hereby close up the column with two thoughts. "A man has to live with himself, and he should see to it that he always has good company." . . . and in the same field . . . "When a man has confidence in himself, he gets along." I hope I hope I hope.

'Experiment In International Living' Meeting On Thursday, November 16

San Gabriel Valley Council members and friends of the Experiment In International Living have been invited to attend a meeting on Thursday, November 16, at 8 p.m. in the auditorium of the San Marino Public Library, 1890 Huntington Drive, to hear the report of Miss Bettyfer Bluth, the Community Ambassador for 1967.

Miss Bluth, the daughter of Mrs. Edmund M. Bluth and the late Mr. Bluth of Devonport Rd., San Marino, was the winner of the seventh annual \$500 scholarship awarded by the Pasadena-San Gabriel Council of the Experiment In International Living to a San Gabriel Valley school teacher successfully meeting the requirements for the Community Ambassador program.

Miss Bluth, a 1960 graduate of San Marino High School, received her degree from USC and is currently teaching grade school in Pasadena. After winning the 1967 scholarship for Community Ambassador, Miss Bluth travelled to Putney, Vermont, the Experiment In International Living headquarters where she received orientation for her home stay in Denmark. She lived for one month with the E. Buckwardt family at Hennings, Jylland, Denmark, where she was a member of the family enjoying a typical Danish life where she enjoyed the "crisp, cool air and outstanding Danish pastries."

La Salle Seniors Receive Merit Recognition

The National Merit Scholarship Program has announced that four La Salle High School seniors have been named semifinalists in the annual scholarship qualifying program. At the same time, Brother S. Martin, FSC, principal, announced that 10 other members of the Class of 1968 have received commendations from the program.

The four semifinalists, who remain in the competition for the four-year scholarships to any college or university in the United States, are Raymond Abdalla, James McManus, Francis Miller, and William Van Kuran. These four were selected on the basis of their scores on the 1967 National Merit Scholarship Qualifying Test (NMQST) last March.

Because of the qualifications established, the four La Salle seniors remain eligible for about 2,900 Merit Scholarships, valued at more than \$8 million, to be awarded in 1968. Winners of the four-year Merit Scholarships may receive up to \$1,500 a year for four college years. Winners of the National Merit \$1,000 Scholarships will receive one-time grants of \$1,000 upon enrollment in college.

Those students attaining commendations rank just below the semifinalists in the program. John M. Stalaker, president of the National Merit program said, "Although commendations students advance no further in the Merit Scholarship program, their outstanding record in a nationwide program deserves public recognition. Their significant academic attainment gives promise of continued success in college."

RTD

by
ARTIE DEE
Transportation Editor

In school I was an actor. I starred in "The Maypole Dance," playing the part of a fern; in "The Happy Swan" I was an off-stage noise. As a patron of the arts, I suggest a tour of a movie or TV studio by bus. Most studios are on or near an RTD bus line. Not all the Tours are free but their prices are modest. Just to name a few — 20th Century Fox, on the 91 Line, Universal Studios on the 81 Line, NBC on the 86 Line and the CBS on the 89 and 44 Line. This could be a real low budget outing for you — or maybe the whole family.

Next to fun, I think food is most important; and when food is discussed, the Farmers Market is a natural. Without a doubt they've got the darndest collection of mouth-watering, finger-lickin' food I've ever seen. And if that isn't enough, they have shops that sell everything from bathing suits for Eskimos to bath salts for parakeets. And if you don't have a parakeet, they'll sell you one of them, too!

This unusual market place is on the RTD 3 Line running on 3rd Street, the 89 Line on Fairfax and near the 44 Line on Beverly.

Ever wondered how RTD keeps all those big buses clean? I was so curious I took the time to find out. Every week, and sometimes oftener, each one of the RTD's 1500 buses gets a bath. Just like when we were kids, remember? A bath every Saturday night in the galvanized wash tub. Not only do they get a weekly bath, but every evening each bus is vacuumed. A large vacuum cleaner sucks everything out of the front door but the seats. I can assure you, your bus starts the day clean, but just like junior, they can get a little soiled along toward evening.

Q. My daughter is attending Loma Linda University? Can she get a bus to come to Whittier? If this is possible, we would appreciate a schedule or map. Mrs. A. C.

A. I had an occasion not long ago to visit Loma Linda, and I couldn't help but enjoy the natural beauty and pre-jet atmosphere of that area. Yes, Mrs. A. C., your daughter can catch the Los Angeles bound 60 Line to El Monte and change to the 38 Line to Whittier. I'll send the proper timetable and map.

Q. How long does it take from Eastland to Los Angeles by bus? I am getting tired of this rat race every morning and I want to try the bus.R.B.J.

A. Welcome to the club. RTD offers two lines from Eastland, the 60 Line on the freeway leaving Eastland at 5:52 a.m., 6:23, 6:30, 7:00 and 7:38 a.m. taking about an hour. Then the 53 Line leaving at 5:57 a.m., 6:15, 6:34, 7:00 and 8:03 a.m. and others. This line takes a few minutes longer. Try it, you might like it.

Q. My husband and I don't drive and we would like to go to the new zoo. We live in Alhambra near Main Street and Vega. What buses do we take and how close can we get to the entrance. Mrs. A. J. F.

A. The 52 Line on Main Street in Alhambra will take you to Los Angeles. Get off at 5th and Spring, walk two blocks west on 5th to Hill. Catch the 86 bus going west on 5th (by Thrifty Drug) and ride to Los Feliz and Riverside. The zoo bus, Line 23, stops just across the street in the park. It will take you to the zoo entrance. Plan to spend some time there, it's great.

Q. What is the fare from El Monte to General Hospital? Can I get any kind of discount for traveling every day? H. H.

A. The fare is 70c one way, but if you ride all the time you can buy a commuter's book or a monthly pass that will reduce your fare.

Send your questions to Transportation Editor, Artie Dee, care of this newspaper. All questions will be answered in this column or by mail. A system map will be sent free to each person submitting a question, or call 747-4455 for detailed information.

Last call to fulfill your 1967 New Year's resolutions. Do you realize that in just 41 short days this year will be right down the tubes.

In those days you must decide on your Christmas cards, rustle your Thanksgiving dinner party together, get your gift shopping list organized and get out there and battle the crowds, foot weary, till you are financially bereft and completely demoralized.

Then comes the addressing of cards, wrapping of those same gifts, planning your Christmas dinner and possibly one or two social functions enroute.

So you've done all that and you turn around because the new year will be upon you and there are the month end sales to attend to, gifts to exchange, make plans to ring the old year out, and finally make your list of 1968 resolutions.

Exhausting, isn't it? You could always throw in the sponge and go on a vacation. There is always next year to make an early start. And thus is born your first resolution for 1968!

Peg and Ken Christianson of Sierra Madre Villa have been having a series of Sunday brunches for their friends. They were anxious to show off their spring and summer project — "the new room" that has at long last, in spite of almost insurmountable obstacles reached a completion and living in stage. They converted their garage into an absolutely charming recreation room for the entire family which includes as its focal point a pool table.

The Christiansons' guests all had a whirl at game and I can't tell for sure who had the most fun, the participants or the sidewalk superintendents. The horse shoe pits had a real workout with the men, and I might add that some of them are beginning to be tournament material.

Groupwise the parties began on October 22 with Fran and Gordon Wright, Pat and Dom Giangregorio, Jeanne and Forrest Paxson, Lois and Tony Boland, Pat and Bill Olson, Ethel and Don Hays, Carmen and Bob Farmer, Jeanne and Matt Slavin, Mary and Bill Taylor, Gerry and Al Dunn, Nancy and Bob Mueller, and Ann and John Roberts, who will soon be leaving to live in Australia, and Ernie and myself.

On October 29 they had Diz and Henry Smith, Dolores and David Zinsmeyer, Lesley and Phil Shepherd, Sue and Joe Cummins, Marilyn and Ray Anderson, Aileen and John Hedrick, Bobbie and Wally Jones, Flo and Ed Barnes, Helen and George Fry, and Margaret and Fran Howell. A friend of the Shepherds and Barnes, Kjeld Luloff, from Copenhagen, Denmark, dropped in during the festivities, which was an interesting highlight to the party.

Their final brunch was last Sunday with Jane and Jim Smith, Madolyn and Marshall Harris, Gene and John Fricke, Chrys and Charles Goldsworthy, Amy and Joe Phillipson, Phyl and Charlie Radison, Fran and Lincoln Wilson, Betty and Al Stearns, Nancy and Gene Rode, Alice and Howard Morgridge, Pat and Chuck Eldson, Nita and Warren Bacon, and Vera and Cleto Dorsey.

Old House Road has been enhanced by a beautiful new home at 1581. The architect, builder and owner is Mr. John A. Rinaldi and his wife Kay is planning to do a lion's share of the decorating. The Rinaldis have three young daughters. Their eldest is seven year old Leslie, followed by Tracey who is five, and Hilary who is three years old.

They are former residents of Altadena. Mr. Rinaldi spends his energies, when he isn't supervising his own home, at his office in Pasadena, which is John A. Rinaldi, A.I.A., and Associates. I asked Kay about some of her hobbies and I wished I hadn't because she is going to put this old writer to shame. When she isn't busy painting and decorating, she sews, and by sewing I mean she is going to make all of the drapes for her entire home. She thoroughly enjoys creative cooking, and in her spare time she manages to write children's stories. In spite of all of these activities she still seems to have a lot of time to spend with their children.

Their home, though it sits back from the street has been designed with a thought to the view and the results were not only gratifying but an outstanding addition to the street.

The last formal gathering of the J. Arturo Gutierrez clan was the occasion of the baptism of their sixth grandchild, Peter Andrew Floritos, at St. James Catholic Church in Torrance. Born on September 22, he is the third heir of Mr. and Mrs. George Floritos. Mrs. Floritos is the former Gudea Gutierrez. Their other two children are Kathryn Elaine, who is two, and Laura Diane, who celebrated her first birthday in July. Ana Luz Gutierrez and Michael Negroni are the Godparents for young Peter. After the ceremony the group went to the Floritos home for a family dinner.

The Rosemary Cottage bridge group met at the home of Mrs. Dom Giangregorio last week for luncheon and cards.

Those attending were Mrs. Sidney Parker, Mrs. James Smith, Mrs. Gene Rode, Mrs. Charles Hardison, Mrs. Henry Smither, Mrs. Wells Plaes, Mrs. Charles Goldsworthy, and Mrs. Donald L. Stoll.

You and Your Neighbor

by NANCY BRYAN

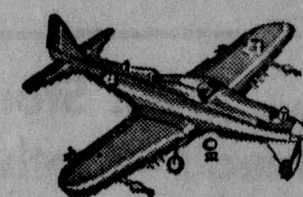

The many friends and associates of the W. R. (Betty) Sidenfaden family of 260 Hacienda will assuredly miss them. The family is moving to Pauma Valley, a large pastoral area with a population of 1000 — which is located within San Diego County.

Giving up approximately 17 years of residence here would be rather hard, however, the prospect of living at the foot of Mt. Palomar, on 260 acres of land, away from the smog and hustle-bustle of city life would certainly tip the balance. The area is, as already mentioned, a large ranch type land engrossed in, along with just plain enjoying life, cattle raising and the growing of oranges and avocados. The Sidenfaden's property has an abundance of orange trees and they plan to add to those already there.

Look for your neighbor in church this Sunday. When the Sidenfaden's

complete their move, besides their household, they will be taking with them the best wishes of all of us . . . to say nothing of the knowledge that we're green with envy!

Young at heart is Mrs. Glenna Elizabeth Oliver, former professional concert singer. Mrs. Oliver keeps quite busy teaching piano and voice privately to a varied following. Her son, Robert Oliver, and daughter-in-law and two grandchildren live here in Sierra Madre also. Son Robert, is a fine tenor, teaches literature and music at Monrovia High School. Granddaughters Candice Lee — a student at PHS — and Kimberly — a student at Wilson Junior High — are also musically inclined. Both girls sing, play the piano and guitar quite well.

**Two Services
Sun. Nov. 19**

Dr. Irma Glen and Rev. Charles Sloan will present two services Sunday, Nov. 19, at the Santa Anita Church, 226 W. Colorado Blvd., Arcadia. At the 11 a.m. service Dr. Glen and Rev. Sloan will share the pulpit. Their topic will be "Realizing the Presence of God, Through the Word and in the Silence." Conscious awareness of God's realized presence for everyone is the aim and purpose of this sermon.

Dr. Glen will complete the third phase of this intriguing subject Sunday evening at 7:30 in the beautiful church sanctuary, with her great artistry being shown at the Allen organ when she offers in recital, "Realizing the Presence of God in Music." Dr. Glen contributes to her New Age Music Therapy all the skill and musicianship of one of America's top-flight organist-composers, combined with the insight of an experienced minister. She holds doctorates in both music and religion. Her program will take the audience from Bach to Rogers and Hammerstein, and will include some of her original compositions.

Thanksgiving Day Worship Service, November 23, is at 10 a.m. The church urges, "Be open to the beauty of the service, the music, the word, the sense of God's Presence moving through each one."

They conclude with:

"Spiritual help day or night is offered you by calling 447-6162."

**Communion
Service At
Congregational**

Communion will be observed this Sunday at the Sierra Madre Congregational Church at 10 a.m. Rev. David G. Howell's sermon will be "Today Is Mizpah." Church school classes are held during the morning worship hour for all ages from nursery through junior high age.

**Thanksgiving
Services At
Methodist Church**

The Sierra Madre Methodist Church invites its community to worship this Thanksgiving morning at 10 o'clock. The church is at the corner of Sierra Madre Blvd. and Michillinda Blvd. in Sierra Madre. Free nursery care will be provided in the rooms of the Church School Building nearest the upper parking lot. Children of school age are encouraged to attend the brief worship service which has been planned with them in consideration.

The Rev. Mark Trotter will preach the sermon and the choir will perform an anthem. The offering will provide opportunity to give to Church World Service. Let us be thankful together.

Letters To the Editor

Dear Editor:
What is meant by the statement, "Stop all aid and trade with the United States with Communist-controlled countries?" Most intelligent people agree with that statement, for they feel it is ridiculous, if not outright treasonous, to supply the Viet Cong with the where-

withall to kill American servicemen, and trading with any Communist country makes this possible. Of course, this is the principal reason all aid and trade should be stopped.

If we were to stop all aid and trade with Communist countries, the United States government would not be allowed to loan, insure, or guarantee any goods shipped to or from a Communist-controlled country by private enterprise, nor would it loan or ship any material, money, or information regarding materials or goods to Communist-controlled countries.

It should be noted that this does not rule out the possibility of a free-enterprise institute aiding and trading with the Communist bloc. All the above policy would do is remove the government from the undertaking. The free-enterprise institution cannot force the product down our throats, and we as citizens can avoid his business. This is not true of government involvement, for the government takes our money to buy the product and then uses our money to sell it. Because the government is a non-profit business, it needs our money to subsidize it.

The whole purpose, then, is to remove our government from the business of committing treason in our names. Probably the single, biggest reason for Communist trade is government coercion and government backing. If this were stopped, most Americans would probably turn away from those members of private industry who help our government, and those businesses that continued in such a trade policy would suffer the consequences from an informed public, doing what was mortally and legally right.

If you would like to join in our demonstration — our petition campaign — to stop all aid and trade to Communist-controlled countries, write to The VIVID Committee, Post Office Box 853, Balboa, California.

Funds Will Aid Band's Trip

Instrumental Music Club To Present 'Fanfare I'

The heralds will blazon forth to proclaim an evening of festivity when Instrumental Music Club presents Fanfare I. The Terrace Room of the Green Hotel in Pasadena will abound with gaiety on Sunday, December 3, from 5 to 10 p.m. for dancing and entertainment with a buffet table laden for a royal feast.

Music for listening and dancing pleasure will be provided by Rosy McHargue and his Quintet with guest artists Ernie Smith on the trombone, Syd Smith on the banjo and Bob Gobrecht on the tuba. Continuous entertainment will be presented during the evening.

President James Leehy has named Mr. and Mrs. George Barnett as chairman for the event. Assisting with arrangements are Mrs. Stuart Wiberg, invitations

and reservations; Mr. Roger Gertmanian, patrons; Mrs. Burton P. Dake, decorations, and Mrs. George Mays, publicity.

Community interest and support is evidenced by the patrons for Fanfare I which include Mr. Edward P. Essertier, Boyd Welin, Floyd Gwinn, Ross Swickard, Robert Schneider, Rosy McHargue, Maurice Megalar, Ernest F. Smith, Andre Stong, Charles F. Eckels, Steve Salislian, George Throop, and Mr. and Mrs. Robert Gobrecht.

Members of Pasadena High School's Marching Band will be present to greet guests. Funds realized from the affair will benefit the Dallas-bound Pride of Pasadena. The band will be representative to the Cotton Bowl festivities on New Year's Day.

Leaving by jet on December 30, the band will arrive in Dallas in time for some sightseeing and will attend the Miss Teenage America Ball on New Year's Eve. On the morning of January 1 they will be the second marching unit in the parade lineup, right behind the U.S. Marine Recruit Depot Band, the honor band from Parris Island, S.C., and the Grand Marshal.

The parade will be televised in color by CBS and can be seen here at 7:30 a.m. A specially built platform is to be constructed in front of the main gate leading to the Cotton Bowl where the band will perform a 45-minute concert for spectators arriving for the game.

Also accompanying the band and participating in the parade will be the song girls who will lead the marching unit carrying the Pasadena banner.

Band members have been busy with odd jobs as well as polishing up their music in preparation for the trip. Support has come from many sources to help them on their way to represent Pasadena for the first time in the Cotton Bowl activities.

Sierra Madre is represented by 11 musicians who are band members. They are Franklin Blosser, Chris Embree, Stephan Klasky, John Mays, James Mays, Gary Pogue, Craig Smith, George Throop, Karen Tillquist, Laurel Walters and Gary Young.

Trophies awarded to the band for precision and maneuvering and for their musical excellence, both in marching and half-time show performances will be displayed in the foyer of the hotel for guests to view upon arrival.

The affair is open to the public. A donation of \$10 per person is required and reservations are being accepted by Mrs. Stuart Wiberg, 1837 N. Roosevelt, Altadena or Mrs. George Barnett, 810 Michigan, Blvd., Pasadena.

Tax Rates In 97 Cities Are Up

Tax rates increased in 79, stayed the same in 229 and dropped in 90 of California's 398 active cities this year.

A survey of tax rates in the cities by the California Taxpayers' Association showed very few taxpayers in cities will have property tax relief this year.

Throughout the state assessments increased this year with only Sacramento County showing a drop in total assessed value. Thus the cities where the tax rate remained unchanged will collect more in property taxes this year.

In addition, some of the cities which dropped the tax rate slightly also will collect more taxes due to increased assessed valuation.

The legislature this year added two possible sources of revenue for cities. As of October 1st a tax of 3 cents per pack of cigarettes goes for cities and counties. For 36 cities which already had this tax the results may even be a drop in total tax income but for all other cities it will mean an increase in revenue.

In addition January 1st there is the possibility for revenue from a real estate transfer tax. This tax will be imposed only if the federal excise stamp tax on real estate does terminate and then only if boards of supervisors adopt an ordinance to impose the tax. The tax will be divided to cities for property within the cities and to counties for sales in unincorporated areas.

There are no reliable estimates of the income from these new taxes and there appears to be little reflection of them in the final property tax rates.

Seventh Month Gain

For the seventh consecutive month, Southern California business activity has risen to a new record level, it was reported recently by Paul O'Sullivan, manager of Security First National Bank's Foothill and Rosemead Branch.

As measured on the Southern California Index of Business Activity compiled by the bank's Economic Research Department, local economic strength during October has been estimated at 165.7.

The October estimate, which rates the local economy at nearly nine per cent above a year ago, is slightly higher than the preliminary September index reading of 165.2. The final August recording was 165.0.

Construction activity made the most significant gain among index components available for October. Bank debits also increased, but fractionally. Real estate sales remained at the September rate, and department store sales decreased slightly, after adjustment for seasonal influences.

Employment reached another record high during September, the latest month for which figures are available. During the month there were 4,635,000 civilians (143,000 more than a year ago) employed in the Southland's nine metropolitan counties. On a year-to-year basis, employment gains have amounted to 3.2 per cent in Southern California and to 1.9 per cent in the nation.

September unemployment declined to its lowest level in seven months for the nine metropolitan counties. Over the course of a year, however, unemployment (the ratio of the unemployed to the total civilian labor force, calculated on a seasonally adjusted basis) has increased from 4.4 to 4.7 per cent locally and from 3.7 to 4.1 per cent nationally.

A New Prohibition?

In a stinging critique of the growing federal crusade against cigarette smoking, and advertising, Barron's, the respected national business and financial weekly, warns that some basic rights are being jeopardized in the process.

The magazine compares "what began a few years ago as a seemingly well intentioned, if disturbing effort to brainwash the citizenry into kicking the habit" with the disastrous Prohibition amendment. It questions the validity of the original premise that smoking cigarettes (but evidently not cigars or pipes) causes lung cancer, and challenges the people to draw the line now against further Big Brother-ish intrusions into their basic freedoms.

Whatever ones' feeling about cigarette smoking, one can't help wondering why manufacturers can be restrained in advertising something that is perfectly legal. The principle is most disturbing. What is there to stop it from being applied to more and more private enterprises?

Tax Juggling

Tax-conscious Californians will welcome Governor Ronald Reagan's expose of some Johnson administration "gimmickry" in its threat to cut back federal highway funds in reprisal against public demands for federal economies as a prelude to any tax increase.

Such a cutback would be dishonest, the Governor points out, because the money has come from gasoline taxes placed in trust for highway construction and improvement and "cannot legally be diverted or used as a tool for fiscal gimmicks."

To refuse to spend the earmarked funds would, furthermore, be an ironic twist on the Administration's much ballyhooed highway safety program. Imposition of expensive "safety" requirements on autos, Reagan suggests, is rather silly if the built-in safeguards of modern, safety-engineered highway construction are to be cut back.

Reduction in government spending is essential in the fight against inflation, but that should not include vital programs the people already have paid for.

The Poor Patient . . . Us

Like two surgeons arguing over the best way to excise a malignancy, President Johnson and the House Ways and Means Committee are differing about what's best for us, the poor fiscal patient in the middle. Dr. Johnson wants to cut off some more of our money, claiming that will prevent inflation. Dr. Wilbur Mills, chairman of Ways and Means, says no, don't cut the patient. Cut government spending.

Like Congressman Jerry L. Pettis of the 33rd district, who offers the surgical simile, we agree with Dr. Mills. No matter what tax increase is ordered, inflation will boom as long as government spending booms. A halt must be called to the administration's efforts "to solve all the nation's problems at once with massive doses of dollars."

FREEDOM AT ANY PRICE

by DR. HENRY V. WITTY

The way some schools are run this day and age, one sometimes wonders where we are headed. There is at least one exception to this aimless trend, in the existence of an institution of learning based on the principles of desire and hard work.

The question is often asked: How can today's turbulent, impetuous youths be controlled?

Put 'em school 12 hours a day, 12 months a year, says a famed educator from the Deep South — Dr. Laurence C. Jones.

And let them pay their own way.

That's how he's been running the Piney Woods Country Life School, Piney Woods, Miss., for the past 58 of his 82 years. And, he swears, the kids love it.

But then Piney Woods is a special place — and Dr. Jones, a remarkable man.

He antedated the "war on poverty" by over half a century when, fresh out of Iowa State University, he traveled south in 1909, as a one-man VISTA corps to see if, with his education, he could be of help to the masses of indigent, illiterate Negro sharecroppers.

Piney Woods, in forested southeast Mississippi, is mediocre cropland, but Jones found fertile ground for his ideas there one day when he sat under a cedar tree and ventured to teach a boy how to read.

The boy brought along a horde of friends for the second day's lesson.

"Nearby was an abandoned log cabin occupied by a flock of sheep," Jones said recently in a talk to Long Beach Rotarians. "We drove out the sheep, moved in, and that was the start of Piney Woods School."

For a while the school survived on eagerness alone. Then Jones revealed a talent for fund-raising.

He enlisted friends up North (including this writer's father), university acquaintances, bankers. A Piney Woods sawmill operator donated lumber for a new schoolhouse, and Jones and his pupils built it.

The school began acquiring land at \$10 an acre, for campus and for crops. A herd of Ayrshire cattle was donated.

More buildings went up and were equipped: a machine shop, a woodworking shop, a dairy barn, dormitories, more classrooms. A newspaper, "The Pine Torch," was established.

Southern whites as well as northerners contributed.

When the pupils were not studying, they were working — in the shops, in the fields, in the kitchen. And when Jones wasn't teaching, he was out looking for more money.

Jones has won degrees from three universities and a medal from the Freedoms Foundation.

For the 350 boarding students who are striving for high school and junior college diplomas at Piney Woods, it's a rigorous regimen: up at 5 a.m., breakfast at 6, work or school at 7 (they spend mornings at one endeavor, afternoons at the other), athletics at 4 p.m. and then study, study, study.

"Desire is the only qualification for enrollment," says Jones. Dropouts? "Hardly any." Disciplinary problems? "None."

"Everyone's too busy to get into trouble," Jones explained. "Wouldn't it be grand if every school were run this way?"

Yes, it would, and this is the type of help badly needed today in massive doses rather than the permissive

—Thanks to The Pine Torch.

Mills College To Sponsor 14th Annual Preview

The 14th Annual Christmas Preview, sponsored by the Pasadena Mills College Club, will be held on Friday, November 17 at the Shakespeare Club, 220 Los Robles, Pasadena, from noon to 9 p.m.

Everything from A to Z. All are for "looking only," no sales or orders are allowed.

More than 5000 hand-dressed invitations, red and green, are in the mail. Admission is free, and coffee, tea and cookies will be served by Mills alumnae hostesses.

This major fund-raising event provides scholarship money for San Gabriel Valley girls to attend Mills College in Oakland, a liberal-arts college for women founded in 1852.

California Federal can give it to you in 60 seconds.
